

We're lead to an end of our integrity  
The cracks that have been brought upon ourselves  
But most of all, and most of all  
So what a way to waste a day with all these broken  
promises  
I'll give back what you have given to me  
so can you hear me? No, for I've given right back into  
what  
you've given to me. How can you take and take  
and sleep so soundly after all you've done to me  
Now I see through my own eyes, and it's not because  
and I'll give you and I'll give you what you want.  
With all these broken promises, it's so hard.  
I have heard those words before  
so what a way to waste a day with all these broken  
promises  
I'll give back what you have given to me  
so can you hear me? No. You give me. Fuck you (all)  
The night is sweeter spent alone (so much sweeter)  
This night is sweeter spent alone (There's nothing left  
for you to change)  
This is the end of you and me  
There's nothing left of you and me. Fuck you!
