

## Let's Pretend (Dad Dug A Hole)

Keith Caputo

In the stillness of the night  
My eyes are closed  
My mouth is wide  
I could see her face  
Her beautiful hair  
I could recognize  
She looks at me cold  
She probably don't know who I am  
Mommy it's me  
It's your only son Keith  
You had me back when  
But sometimes I like to pretend  
That she knows me  
That she holds me  
I guess I can't  
Because show doesn't know who I am  
My mind it's dreaming  
God it's so misleading  
Do you think it's 'cause I've grown old  
Is it true what I was told  
You cried to leave me  
You know I know it's not your fault  
You had a husband who was selfish and cold  
Belive me I know  
Now I hear you used to treat me cold  
You dissappeared and left me all alone  
I'm sure you didn't know right from wrong  
'cause both of you were always getting stoned
