Caravan Palace

All eyes on you
When you go downtown
One foot on the ground
It's all over the news
But I'm confused
When the stage is mine
I remain
Invisible to all

All eyes on you (Yes, Ma'am!)
When you think out loud (Yes, Ma'am!)
Hackneyed line (Yes, Ma'am!)
All people let loose (Yes, Ma'am!)
But I'm confused (Yes, Ma'am!)
If I call it out (Yes, Ma'am!)
They shut me down (Yes, Ma'am!)
No matter what I get screwed (You do!)

You bother me
You're ahead of me
All due to nothing but jealousy
You're blame-free
Stepping up for me
I'm begging the magic - you're bugging me!
You bother me (Whoop!)
You're ahead of me (Whoop!)
How can you be so placid, when you disagree
You're fault-free
Stepping up for me
I'm the hero's sidekick
Oui, c'est la vie

All eyes on you
When you dress real tight
Look sharp in the dark
Hell, you raise the roof!
But I'm confused
If I wear no tights
Drop that mask
Will they call me stooge

All eyes on you (Yes, Ma'am!)
When you split the crowd (Yes, Ma'am!)
Many pals all around (Yes, Ma'am!)
They're all over the moon (Yes, Ma'am!)
But I'm confused (Yes, Ma'am!)
I'm the background guy (Yes, Ma'am!)
Lame duck on the side (Yes, Ma'am!)
No matter what I get screwed

You bother me
You're ahead of me
All due to nothing but jealousy
You're blame-free
Stepping up for me
I'm begging the magic - you're bugging me!
You bother me (Whoop!)

You're ahead of me (Whoop!)
How can you be so placid, when you disagree
You're fault-free
Stepping up for me
I'm the hero's sidekick
Oui, c'est la vie

You bother me
You're ahead of me
All due to nothing but jealousy
You're blame-free
Stepping up for me
I'm begging the magic, you're bugging me!
