Caravan Palace

Riding on my feathers
I can lead you through the patterns we now follow
Lying on the floor
Life between us lights a certain afterglow (afterglow)

We gon' have a good time
We ain't flyin' by
We gon' have a good time
We ain't flyin' by
We'll meet my brother over there
We'll meet my lover over there
We gon' have a good time

I'll take you to the sun on a wing
The sun on a wing
I'll take you to the sun on a wing
The sun on a wing
(Crazy all night)

Riding on your feathers
I can see us through the starry night, our shadows
High above the floor
Like two demons tryin' to find a brighter soul

I'll take you to the sun on a wing
The sun on a wing
I'll take you to the sun on a wing
The sun on a wing
I'll take you to the sun

We gon' have a good time
We ain't flyin' by
We gon' have a good time
We ain't flyin' by
We'll my brother over there
We'll my lover over there
We gon' have a good time
A good time
A good time
A good time
A good time

Riding on my feathers
(We gon' have a good time)
Lying on the floor
(We ain't flyin' by)
Riding on my feathers

Sun on a wing

I'll take you to the sun on a wing
