

Reverse

Caravan Palace

Being dealing with feeling bad in my couch
With no pals around, and no stick in the mouth
I started to panic, I meditate to get better
If I don't need to blink
The future doesn't matter

Sad in my life like a rat in a trap
I can't deal with that, needa clean up the crap
To settle my pain, I spit rage in a letter
No matter what I mean
I feel under the weather

Why belong
Dance united
Rhythm drive
Woohoo real tight
Jump for joy
And they dance all night
Rhythm drive
Woohoo real tight

Why belong
Dance united
Rhythm drive
Woohoo real tight
Jump for joy
And they dance all night
Rhythm drive
Woohoo real tight

Shame!

(You and me)

Panic attack at eleven at night
Was banging around, needa turn on the light
My brain's in a muddle, my body shudders, I rattle
The music and the beat
Are nothing but a jumble

Bracing myself with no one on my side
I step in the club, I'm the freak in a crowd
I stumble and shout, what I want doesn't matter
I'm ready for the drill
Welcome to the jungle!

Why belong
Dance united
Rhythm drive
Woohoo real tight
Jump for joy
And they dance all night
Rhythm drive
Woohoo real tight

Why belong
Dance united

Rhythm drive
Woohoo real tight
Jump for joy
And they dance all night
Rhythm drive
Woohoo real tight

Why belong
Dance united
Rhythm drive
Woohoo real tight
Jump for joy
And they dance all night
Rhythm drive
Woohoo real tight

Shame on you
You are the one out of place
You yes you
The way you whine is such a disgrace
Shame on you
I say it right to your funny face
You yes you
The way you whine is such a disgrace
