Caravan Palace

I'm thrilling ooh
I'm thrilling in my world
I've been down so far
I'm now the highest star
It's seems unreal but now
My heart's on fire
Don't push me out to ride beyond

I don't like it
Don't you
So glad I don't like it
I do
But I don't care, I don't like it
You'll do
No I really don't like it
Fuck you!

I don't like it
Don't you
So glad I don't like it
I do
But I don't care, I don't like it
You'll do
No I really don't like it
Fuck you!

Yes. Say it to your friend
Tell it to the world
Distilled for real men
Ready to be served
Aah ah ah ah ah
Tell it to the world
I silence lot of fears
Your dreams unfurl

I'm swaying ooh
I'm swaying on the road
I've been high so far
I'm lost among the stars
It's still unreal and now
I fight desire
Don't hack me with your siren song

I don't like it
Don't you
So glad I don't like it
I do
But I don't care, I don't like it
You'll do
No I really don't like it
Fuck you!

I don't like it
Don't you
So glad I don't like it
I do
But I don't care, I don't like it

You'll do
No I really don't like it
Fuck you!

Say it to your friend
Tell it to the world
Distilled for real men
Ready to be served
Aah ah ah ah ah
Tell it to the world
I silence lot of fears
Your dreams unfurl
