

## Cold as Ice

Caravan

Hold me, I'm cold as ice  
I need someone warm tonight  
To chase away all of those lies  
And keep me from all of my fears

So if I could just find a way  
There's nothing that I wouldn't pay  
To change my life just for a day  
Knowing you'll always be near

I'll show you a sign  
When I take you in my arms  
I know that this time the miracle of love  
Will wash away all of my tears  
Make the pain in my heart disappear  
Nothing compares to the thought  
Of having you near

Been outside myself so long  
The chance to return may be gone  
Well, I couldn't blame anyone  
For thinking that I couldn't care

So why don't you stand by me  
Help me to unfreeze  
You bring back the warmth that I feel  
That's burning deep in my heart

I want you to be  
Here living with me  
I'll make sure everything special  
I'll take care of all that you need  
And wait for that miracle  
To flow into our hearts  
I can't wait for the moment  
And it tears, tears me apart

Hold me, I'm cold as ice
