

## Cool Water

Caravan

Don't cry, do I see a tear in your eye?  
Don't ask the band to play, they had enough today  
And if they've had enough, so have I

No more, just point me towards the door  
Don't want no whiskey, it wont make me frisky  
The only thing I need instead is

Cool water, cool water, cool water  
That's all cool water

Don't moan, help me across to a phone  
I've had a skinkful, I'm so drunk its painful  
Just show me the way to go home

My head would look better off on a bed  
Don't want your brandy it just make me randy  
The only thing I need instead, is

Cool water, cool water, cool water  
That's all cool water

Call me a taxi, I'm going home  
But I just cant get out of my chair  
The beers got the best of me  
So pour the rest of me  
Out to the cool morning air

Cool water, cool water, cool water  
That's all cool water
