

If I Was to Fly

Caravan

If I was to fly
High in the sky
High as a kite
I would fly

I'd spread out my wings
And I'd do everything
If I was to fly before I die

I'd dive through the clouds
And I'd wave to the crowds
I'd smile and I'd fly 'round the sun

I'd glide up and down
And back on the ground
I'd try not to make not a sound

Oh, it would be
Easy for me
Nothing would faze me at all

If it all seemed
More than a dream
I would fall

If I was to fly
High in the sky
High as a kite
I would fly

I'd hold back the rain
And I'd go 'round again
If I was to fly before I die

Oh, it would be
Easy for me
Nothing would faze me at all

If it all seemed
More than a dream
I would fall

If I was to fly
High in the sky
High as a kite
I would fly

I'd hold back the rain
And I'd go 'round again
If I was to fly before I die
