

## Lonesome Pine

Carbon Leaf

She made her way. She felt she was to blame  
And her porcelain dolls - she's boxed them all  
And along the way, she changed her name

Lonesome Pine, rain or shine  
Stands alone. Roots unknown  
And I'm as brave as you  
And I'm as 'fraid as you  
And I'm as brave as you  
And I'm as afraid as you are too

She let me in. And then, she changed her mind  
With a sad echo. She's all her own  
She shook the blame. She changed her name

Lonesome Pine, rain or shine  
Stands alone. Roots unknown  
And I'm as brave as you  
And I'm as 'fraid as you  
And I'm as brave as you  
And I'm as afraid as you are too
