

# Ragtime Carnival

Carbon Leaf

Come and dance with me, baby  
Hitch a ride, all aboard  
Don't you dare say, I love you.  
Tell me once, tell me twice  
Three times a charm, I'm out the door

Hold me close, pretty baby  
Come alive inside my heart  
Don't you dare say, "I need you."  
Tell me once, tell me twice  
Three times a charm, I'm out the door

And I'm getting old, oh lord  
I'm getting old  
Tell me it's true  
Do you think of me  
The way I still think of you?

Come and dance with me, baby  
Take the carnival ride inside your heart  
Lay your jewelry out before me  
Say the words that make the world  
Go round and round and round

Just be the love that sustains me  
Come alive, come alive  
Don't you dare say you'll miss me  
Tell me once, tell me twice  
Three times a charm, I'm out the door

But I'm getting old, whoa lord  
I'm getting old  
Tell me it's true  
Do you think of me  
The way I still think of you?

So, what's it take, pretty baby  
I need a haircut and you can shave my face  
There's a way that you touch me  
Tell me once, tell me twice  
Three times a charm, I'm out the  
Tell me once, tell me twice  
Three times a charm, I'm out the  
Tell me once, tell me twice  
Three times a charm, you know I'm yours

Come and dance with me, baby  
Come and dance with me, baby  
Come and dance with me, baby  
Come and dance with me, baby  
(I'm getting old, oh lord)  
Come and dance with me, baby  
(I'm getting old, oh lord)  
Come and dance with me, baby  
(I'm getting old, oh lord)  
Come and dance with me, baby  
(I'm getting old, oh lord)

Come and dance with me, baby  
I'm getting old, oh lord  
I'm getting old, oh lord  
I'm getting old, oh lord  
I'm getting old, oh lord  
I'm getting old
