"If visible identification is not possible, the pathologist may be able to take fingerprints from the body until decay sets in... things b ecome more complicated."

Intenacious, intersecting
Reaving fats from corporal griskin
Culled...for sodden gelatine brayed
Skeletal groats triturated, desinently
Exsiccated, sere glutenate brewed
For frivolous solvent abuse...

Derogate coarse remains For glue to dry Despoiled marrow razed

... A truculent shambles so severe...

Extravated bone - as adhesive incarnate A pellucid quietus - nocuosly I create

Corporal glue, breathe in the fumes Mucilage vapours, toxic fumes to savour

Comminuted remains
As gum to dry
A lissom gel so glazed

... A truculent shambolic affair...

The exsanguine esprit - shorted as snuff Rheumic oils forever - Bonded together as gum

Human glue, choke on the fumes Noxious vapours, slaughterous labour...
