

## No Love Lost

Carcass

Sensual awakening  
Numbing feeling's dead  
Conception's romanticised  
Synthesized broken heart's to bled

Without emotion you heartstring's played  
Strummed and severed  
To the tune of a tragic serenade

Without emotion, your heartstrings break  
Snapped and severed  
To the tune of a tragic, sad cliché

No love lost  
When all is said and done  
There's no love lost

The low cost of loving  
Amorous travesty  
Human frailties and weakness are easy prey  
How your poor heart will bleed
