Cardi B

Ayo, step up in the spot, they know who I be  
Couple bottles pop in the VIP  
Dancing all up on the couch, shaking my ass  
Probably leave with ya man, grand larceny  
Bitch, pardon me  
You don't wanna start with me  
I be out here getting cash, you be in the thottery  
I be in the trap, chasing chips like the lottery  
You ain't bout that life  
You don't be like Cardi B  
All my getting-shmoney hoes, put ya hands up  
Yeah, you cute but you gon have to pull ya pants up  
I see you over there checking out my thick thighs  
So I gotta smart mouth and what?  
I go litty for my city, NYC  
Take the whole nut, ain't worried bout no Plan B  
Yeah, I'm nasty  
Lick my lips, blow a kiss and walk off with a hunnid thou on my wrist  
Swish, I ain't with the politics  
"A hoe never gets cold", you know what the motto is  
Unless it's forgets diamond cuts, gold bottles, bitch  
Sitting in that 64, bitch, feeling hella lit

Hectic, hectic  
When I pull up it gets hectic, hectic  
Don't worry bout what's on my left wrist, it cost a check, bitch  
If I'm in the spot, I'm slaying shit, I'm in the best fit  
Hectic, hectic  
When I pull up it gets hectic, hectic

NY, do or die, yeah I got this  
KSR, chill y'all, yeah I got this

And I'm a freak so you know that bitch topless  
You a hot mess, that's a fact tho  
Understood the life, bitch, you know how that go  
A lot of thots out here crowding up my cash flow  
But I'm a queen just tryna build a castle  
You a fiend, you all up in my asshole  
I cause a scene and give you what you ask for  
Hair did, manicure, so ready  
Check  
Attitude have to be so petty, yep  
I made it this year, I made it to here, I swear  
My vision is clear, y'all bitches be weird, I'm here
