

Pick It Up

Cardi B

Back on my bullshit, I mean it
I see your number
Thank God I didn't delete it (No, babe)
I look at your picture, I'm fiendin'
It don't feel over
Holdin' myself 'cause I need it

I'm so obsessed
You got me checkin' my phone every second like
I hope you ask if I'm home
So come over so I can prove it to you
Said you're on my mind, I just can't let it go

Pick it up
Where we left off, can't give it up
I've been
Missin' you
Let me know if this a dub
I said your love
Is like a drug
You got me stuck
So pick it up

Pick it up
Where we left off, can't give it up
I've been
Missin' you
Let me know if this a dub
I said your love (Your love)
Is like a drug (A drug)
You got me stuck (Me stuck)
So pick it up

Pick it up now, why is you dubbin' me?
Either it's me or Little Miss Ugly
I don't see nothin' but broad bitches subbin' me
Most of these bitches can't even have company (Uh)
Why can't we pick it up like a bitch just dropped it?
Pick it up like we just went shoppin'
Pick it up if that bitch keep callin'
Or pick it up like we went off topic
I'm tryna be mad, but whenever he pick me up, I wanna put it down
And he be up in it like I think I like it, yeah, I think I'm 'bout to go look around (Aye)
Ooh, why you so fine? Mine? I don't have the time
They just gotta book me now (Nope)
I mean that nigga changed me, I get up and clean his shit
I even be cookin' now, uh, uh
And I still ain't find nobody who do it like you (You, you, you)
I tried, but the dick wasn't as good
Gotta be satisified (Satisfied)
He don't need the finish line (Finish line)
So baby, tell me how you feelin' like
And when I call, you better

Pick it up
Where we left off, can't give it up

I've been
Missin' you
Let me know if this a dub
I said your love (Your love)
Is like a drug (A drug)
You got me stuck (Me stuck)
So pick it up

Pick it up
Where we left off, can't give it up
I've been
Missin' you
Let me know if this a dub
I said your love (Your love)
Is like a drug (A drug)
You got me stuck (Me stuck)
So pick it up
