

# The Whole World Window

Cardiacs

It's just a funny world  
That hides me out of sight  
And I will stay with her  
All through the day  
And through the night

And if she only had  
Stopped making that hissing noise  
That haunts me now  
And makes a joke of me  
With all the other boys

And then the world begins to seethe  
Then she releases what's closed in on me  
And then asks  
"Is it just mud that breaks the whole world window?"  
And turns as if to try  
So do I  
So do I

And when I'm really here  
That's when I'm really here  
My right life begins to disappear  
And I remember my mum  
Told me out of all my funny toys  
That you won't make a man of me  
And growing up's an interesting  
Thing to do

And then all life begins to scream  
The whole world changes like I've never seen  
And then she goes up to the window  
And leaps into the sky  
So do I  
So do I  
So do I  
So do I

Will you sit down  
Is everybody happy?  
There is a sign outside your house saying  
"Everyone is happy"  
Well I for one am most certainly not  
Is everybody happy?  
Is it just mud that breaks the whole world window?  
I'll turn as if to try  
Poor soldier now you've created your own monster  
Then turn as if to try
