

Only You

Caribou

I dream of you
Can't stop thinking about you
Every second that I can
There's no one who
Compares to you
There's no way that they can
You're solid
Giving
Kind and caring
Daring
Brave and loving

Only you
Only you
Only you
Only you
Only you

Do you believe me
Can you see things clearly
Like only you can
Solid
Giving
Kind and caring
Daring
Brave and loving

Only you
Only you
Only you
Only you
Only you
Only you
Only you
Only you

So let it rain
Let it rain
If we're together what the hell do we care
So let it rain
Let it rain
Let it rain
Let it rain
Let it rain
Let it rain
Let it rain
Let it rain
Let it rain
Let it rain
Let it rain

Only you
Only you
Only you
Only you
Only you
Only you

Only you
Only you
Only you
