Caribou

Pump up the volume
Pump up the volume
Pump up the volume
Pump up the volume

And I know it's got to change
And I know it's got to change
Pump up the volume
And I know it's got to change

Pump up the volume
And I know it's got to change
And I know it's got to change
Pump up the volume
And I know it's got to change

I've been waiting for somebody
For somebody
Pump up the volume
I've been waiting for somebody

You don't know how it feels
Oh baby, use it fair
I never want it

Because since you've been gone
And I've been alone
I can get by on my own

When you hold me
Pump up the volume
What, so we just quickly

Pump up the volume
Pump up the volume
What so we just
What so we just quickly

What so we just quickly
Pump up the volume
Pump up the volume

Pump up the volume

I've been waiting for somebody
For somebody
Pump up the volume
Pump up the volume
And I know it's got to change
Pump up the volume
