

Let Me Love You 'Til The Morning Comes

Carl Carlton

Oh baby, turn off your lights
Let's get cozy together, mm...

Let me love you, love you, baby
Love you till the morning comes, oh-ho...
Give you all the things you need now, baby, baby
Let me love you till the morning comes

We're relaxed and comfy
In this cozy atmosphere
No one to disturb or bother us
The coast for love is clear
I wanna give you my all
'Cause I've got so much to give
Let inhibitions run free
Let's love throughout the night
Ooh, I'm so inspired

Let me love you, love you, baby
Love you till the morning comes, oh-ho...
Give you all the things you need now, baby, baby
Let me love you till the morning comes

There's something about your loving
I can never get enough
Seems like the more you give, the more I want
Keeps me comin' back for more
Please let me be good to you
'Cause you're so good to me
Make this fire inside of me burn forevermore
Ooh, I'm so inspired, just

Let me love you, love you, baby
Love you till the morning comes
Give you all the things you need now, baby, baby
Let me love you till the morning comes

Oh baby, yeah, yeah
Ooh, ooh... hey hey hey, the time is right

Let me love you, love you, baby
Love you till the morning comes
Give you all the things you need now, baby, baby
(Love you till the morning comes) just let me love you
(Oh, love you, love you, baby) I wanna love you, love you
Love you, love you
(Love you till the morning comes)
Love you till the morning, till the morning
Give you all the things you need now, baby, baby
(Love you till the morning comes) baby, time is right...
