

Because You're Mine

Carl Perkins

Because you're mine I love you so
Because you're mine I love you so
I just wanna this world to know
But I was rockin' to night just to have my baby with me near
And because you're mine I keep on wanting you dear

I walk you home always from school
O-T-T say back always fool
He said you are too young
Just to know the meaning of love
But because you're mine my heart took that final choke

Because you're mine I love you so
I just wanna this world to know
Well I love you baby I love you baby, baby mine
And because I love you that's just because you are all mine

Because you're mine I love you so
I just wanna this world to know
Well rock o mine just to have my baby with me near
And because you're mine I keep on loving you dear

Woooo, woooo ah, ah
Woooo, woooo ah, ah
