

Perkins Wiggle

Carl Perkins

Way down in Dixieland
A red hot rhythm we don't understand
Everybody does it but they never stop
Playin' the Perkins wiggle with a dixie bop

And it's down where the corn grows tall
I meet my baby with a "hi you all"
She's just a sweet little woman, she's the cream of the crop
Play's a boogie woogie with a dixie bop

Way down in Tennessee
There's a baby I love, waitin' on me
We'll get together but we'll never stop
Doin' the Perkins wiggle with a d-dixie bop

And it's down where the corn grows tall
I meet my baby with a "hi you all"
She's just a sweet little woman, she's the cream of the crop

Play's a Perkin's boogie, dixie bop

And it's down where the corn grows tall
I meet my baby with a "hi you all"
She's a sweet little woman, got a rhythm that rocks
Play's a boogie woogie with a dixie bop

Way down in Tennessee
The baby I love, she's waitin' on me
We'll get together but we'll never stop
Doin' the boogie woogie with a dixie bop

Way down in Tennessee
The baby I love, she's waitin' on me
We'll get together but we'll never stop
We gonna do the boogie woogie with a dixie bop
