

How Did I

Carl Thomas

(Tell me how)
How did I ever end up losing you (how)
How did I ever end up losing you
Everytime I thought of leaving (thought of leaving)
Didn't you where thinking it too
(I didn't know you where thinking that)

Tell me how can I justify how I've been treating you
Just to understand the way I am
All I need in you
Doesn't really matter if I have to beg and plead with you

Cuz it's the only way to know that you're around (oh oh)
If I have the chance again you know I'll use it (you know I'll use it)
If I can bring your loving back I want abuse it (I want abuse it)

You don't have to say a word (you don't have to say it)
I'm not gonna lose it (oh no)
Caught up in this crazy game
This situation crazy baby

How did I ever end up losing you (everytime) oh no
How did I ever end up losing you (losing you) oh
Everytime I thought of leaving (thought of leaving)
Didn't you where thinking it too
(I didn't know you where thinking that) didn't know

Baby all this time felt like I was one step ahead of you
Never known all the while that you where making your step too
Guess that how it goes when you let your pride get the best of you
You always lose

If I have the chance again you know I'll use it (you know I'll use it)
If I can bring your loving back I want abuse it (I want abuse it)
You don't have to say a word (oh no)
Don't want lose you (don't want to lose)
Caught up in this crazy game
This situation crazy, baby

How did I ever end up losing you
(Oh, everytime) oh no
How did I ever end up losing you (losing you) oh
Everytime I thought of leaving (thought of leaving)
Didn't you where thinking it too
(I didn't know you where thinking that) didn't know you where thinking that

Baby, I was blind, but now I see
That you're the only woman that care for me
Say I miss you really really miss you baby
Close the door let come on in promise to try [?] miss you

How did I ever end up losing you (everytime) oh no
How did I ever end up losing you (losing you) oh
Everytime I thought of leaving (say I thought of leaving)
Didn't you where thinking it too
(I didn't know you where thinking that) didn't know you where thinking that

When we where in love...
