

# Hallelujah In My Heart

Carlene Carter

Oh lord, I stand before you  
A past I can't deny  
A sinner from the old school  
Repent before you die  
I tried to run  
I tried to hide  
I tried so hard to stray  
But your love has found  
Its way around  
And grace has paved the way

No more to roam  
I've found my home  
Hallelujah in my heart  
I'm not alone  
Love walks with me  
Hallelujah in my heart

Salvation sweet awaits us  
Beyond the shining light  
A chance for you and me  
To really do it right  
And so it goes  
You reap what you sow  
My oats were wild and green  
Now faith has found  
Its way around  
And does salvation bring
