

# Destination Heartache

Carly Goodwin

Here you come  
And there I go  
Like a tunnel vision heart  
On an old familiar road  
And I know better  
Than to take that dance  
'Cause once I start  
Well there's no turning back

(Chorus)  
Well a bad idea never felt so good  
Wouldn't stop  
Even if I could  
I'll go there  
Every time  
Addicted to the rush  
Can't resist the ride  
Fast lane, one way  
Can't brake 'til it's too late  
Destination heartache

Said I wouldn't  
And then I did  
It's easy to forget the consequence  
With every kiss  
No way around it  
What's around the bend  
What I wouldn't give  
Not to know where it's gonna end

(Repeat Chorus)

Fast lane, one way  
Can't brake 'til it's too late

(Repeat Chorus)
