

## Diamondback

Carly Pearce

Never been all that wrapped up in shiny swimming pools  
Those material kinda lies they tell  
Life looks oh so well from the outside in  
Honeymoons don't end  
No, what I thought I wanted let me down  
And I don't want it now

Keep the house, keep the truck  
Go downtown, get too drunk  
Kiss a one-night stand with a butterfly on her back  
Take the bed where you used to lie  
Keep the friends I never liked  
And the happy ever after welcome mat  
But you ain't gonna get this diamond back  
No, never ever gettin' this diamond back  
You can keep the dog and the Cadillac  
But you ain't gonna get this diamond back

Well I guess I'll just burn that dress  
All those fairy tales can go straight to hell  
Don't need you no more, with this  
24 carats that I'm wearin', no, I don't care if you

Keep the house, keep the truck  
Go downtown, get too drunk  
Kiss a one-night stand with a butterfly on her back  
Take the bed where you used to lie  
Keep the friends I never liked  
And the happy ever after welcome mat  
But you ain't gonna get this diamond back  
No, never ever gettin' this diamond back  
You can keep the dog and the Cadillac  
But you ain't gonna get this diamond back

Oh, what I thought I wanted let me down  
But who's laughing now

Keep the house, keep the truck  
Go downtown, get too drunk  
Kiss a one-night stand with a butterfly on her back  
Take the bed where you used to lie  
Keep the friends I never liked  
And the happy ever after welcome mat  
You ain't gonna get this diamond back  
No, never ever gettin' this diamond back  
It's in a pawn shop next to the laundromat  
You ain't gonna get this diamond back
