

Back Of My Heart

Carly Rae Jepsen

I see you standing there
In the back of my heart
I feel you waiting there
In the back of my
Heart

Saw you leaving our favourite spot
Wearing that old t-shirt I bought
Stopped in my tracks, my blood went hot
Drivin' away and my fingers twitch
Drivin' away and my stomach flips
What am I supposed to make of this?

I can't remember all the words to that fight
I can't forget the way you opened my eyes

I see you standing there
In the back of my heart
I feel you waiting there
In the back of my heart
And I see you standing there
In the back of my heart
And I feel you waiting there
In the back of my
Heart

Ran into you with someone else
I just reintroduce myself
Block out all the things we felt
If I heard your name, it might take me back
It's been a year, to the day exact
Tell me, what am I supposed to make of that?

I can't remember all the words to that fight
But I can't forget the way hold me at night

I see you standing there
In the back of my heart
I feel you waiting there
In the back of my heart
And I see you standing there
In the back of my heart
And I feel you waiting there
In the back of my heart
(Heart)

I wish I had the key to let you go
I'm looking for the key to let you go
I wish I had the key to let you go
Ah-ah-ah-oh, ah-ah-oh

I see you standing there
In the back of my heart
I feel you waiting there
In the back of my heart
And I see you standing there (I wish I had the key to let you go)
In the back of my heart

And I feel you waiting there (I wish I had the key to let you go)
In the back of my
Heart
