

# Higher

Carly Rae Jepsen

I was lost alone and searchin'  
For someone who understands me for who I really am  
Didn't know that I was hurtin'  
'Til you left me up inside  
And he opened up my eyes

You wanna know what I'm thinkin'  
Ever since you came I'm livin'  
On top of the world, I can't deny  
Every one of my fears has vanished  
I don't know how you managed  
To wake me up and come alive

You take me higher than the rest (hey!)  
Everybody else is second best (oh oh oh)  
You pulled a gem out of the mess  
I was so cynical before, I must confess  
Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher  
Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher

Toss and turn, a few mistakes but  
You slipped in and showed me how  
Never let me hit the ground  
All the love was hesitated  
But ever since you came around  
I feel more than safe and sound

You wanna know what I'm thinkin'  
Ever since you came I'm livin'  
On top of the world, I can't deny  
Every one of my fears has vanished  
I don't know how you managed  
To wake me up and come alive

You take me higher than the rest (hey!)  
Everybody else is second best (oh oh oh)  
You pulled a gem out of the mess  
I was so cynical before, I must confess  
Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher  
Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher

Oh yeah your love turns me on  
Gets me higher  
Oh yeah your love takes me up  
Gets me higher  
Oh yeah your love turns me on  
Gets me higher  
Oh yeah your love takes me up  
Gets me higher

You take me higher than the rest (hey!)  
Everybody else is second best (oh oh oh)  
You pulled a gem out of the mess  
I was so cynical before, I must confess  
Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher  
Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher  
Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher

Oh you got me, hi-i-igh, hi-i-igh, hi-i-igher
