

# Now I Don't Hate California After All

Carly Rae Jepsen

My lover don't mind if  
I follow him 'round  
I'm high as a kite when I'm with him  
All of the time

He gives me the holiday I needed all the time  
Maybe this is temporary I don't even mind  
Now I don't hate California after all  
Now I don't hate California after all

Love on the beach and the tide is high  
Ooh, ooh  
Moon in the water and the open sky  
Ooh, ooh

I know that he noticed  
I follow him 'round  
He's all kinds of hardness and heartless  
But I know he's down

He gives me the holiday I needed all the time  
Maybe this is temporary I don't even mind  
Now I don't hate California after all  
Now I don't hate California after all

Love on the beach and the tide is high  
Ooh, ooh  
Moon in the water and the open sky  
Ooh, ooh

I just wanna stay  
Another night, another day  
We could wash the world away  
We could play like children play

Love on the beach and the tide is high  
Ooh, ooh  
Moon in the water and the open sky  
Ooh, ooh

Love on the beach and the tide is high  
Ooh, ooh  
Moon in the water and the open sky  
Ooh, ooh  
Ooh, ooh  
Ooh, ooh
