

# Run Away with Me

Carly Rae Jepsen

You're stuck in my head, stuck on my heart  
Stuck on my body, body  
I wanna go, get out of here  
I'm sick of the party, party  
I'd run away  
I'd run away with you

This is the part, you've got to say all  
That you're feeling, feeling  
Packing a bag, we're leaving tonight  
When everyone's sleeping, sleeping  
Let's run away  
I'll run away with you

Cause you make me feel like  
I could be driving you all night  
And I found your lips in the street lights  
I wanna be there with you

Oh baby, take me to the feeling  
I'll be your sinner, in secret  
When the lights go out  
Run away with me  
Run away with me  
Oh baby, every single minute  
I'll be your hero, I'm winning  
When the lights go out  
Run away with me  
Run away with me

Up in the clouds, high as a kite  
Over the city, city  
We never sleep, we never tried  
When you are with me, with me  
I wanna stay  
I wanna stay here with you

Cause you make me feel like  
I could be driving you all night  
And I found your lips in the street lights  
I wanna be there with you

Oh baby, take me to the feeling  
I'll be your sinner, in secret  
When the lights go out  
Run away with me  
Run away with me  
Oh baby, every single limit  
I'll be your hero, I'm winning  
When the lights go out  
Run away with me  
Run away with me

Hold on to me  
I'll never want to let you go  
(Run away with me, run away with me)  
Over the weekend

We can turn the world to gold, oh oh  
(Run away with me, run away with me)

(We can turn the world to gold)  
Over the weekend we can turn the world to gold  
Oh oh, oh

Ooh my baby, take me to the feeling  
(Take me to, take me to it)  
I'll be your sinner, in secret  
(Oh when the lights go)  
When the lights go out  
Run away with me  
(Just run away)  
Run away with me  
(With me)  
(Oh yeah yeah)  
Every single minute  
I'll be your hero, I'm winning  
When the lights go out  
Run away with me  
Run away with me

Run away with me  
Run away with me

Run away with me  
Run away with me
