

Lord, I Love You

Carman

Like the flowers love the sun that shines

Like the willow loves the rain

Like a sparrow loves the summer skies

My love for you Lord's the same

Like a mother loves her baby's sigh

Like the ocean loves the shore

Like the heavens love the stars at night

My love for you, Lord, is even more

CHORUS

Lord, I love You

With every passing day I'm sure

Lord, I love You

Completely and forever more

Could I really tell You how I feel

Could I ever find a way

Could the words I offer You reveal

What's in my heart more than if I just say?

(Chorus) (2x)

I thank You for salvation, I thank You for the blood

I thank You that You brought me through the fire and the flood

I thank You for the Holy Ghost, I thank You that You reign

I thank You for the change in me

Since I've been born, born again

(Chorus) (4x)
