

## The Lamp Is Low

Carmen McRae

Dream beside me in the midnight glow, the lamp Is low  
Dream and watch the shadows came and go, the lamp Is low  
While you linger in my arms, my lips will sigh "I love you so"  
Dream the sweetest dream will ever know  
Tonight the moon is high, the lamp Is low

Dream beside me in the midnight glow, the lamp Is low  
Dream and watch the shadows came and go, the lamp Is low  
While you linger in my arms, my lips will sigh "I love you so"  
Dream the sweetest dream will ever know  
Tonight the moon is high, the lamp Is low
