

Fuck Blitzkrieg

Ah, haha

One two one two and all of that

Is that fuck the system

Fuck a judge and fuck you type shit

Minimized, fuck right now

Smoking big trees, big blunts

Shit, you might wanna join me and roll one up for yourself

Or you may like to pop a molly and sweat it out

Or drop some acid

Or you may just like be a sober, shit

I don't really give a fuck what you do

To be honest, just do you and be happy about it

Don't follow what you think people will accept you for

Follow your heart, follow your desires, follow your ambitions

Follow the money, follow the pussy and follow me on Instagram,  
god dammit, shit

Life and people in it always find ways to distract you from being yourself

Make you feel like the "you" you wanna be as fucked up or not worthy

Man, fuck those people

It's always them super insecure and unhappy ones that wanna project their own fears and insecurities over you

Now you need to not give a fuck

You need to whip your dick out and fuck the world extra-hard

Cause we goin' up, the only way is up

Fuck Blitzkrieg

Fuck

"The Blitzkrieg was violent, ruthless and efficiently executed"
