

## Close To Me

Carnage

Don't you call to waste no time  
Face so fine and your body look nice  
Saw my life flash in front of my eyes  
I swear I almost died  
So don't you run, don't you hide  
Girl, you got that love potion  
You got me movin' slow motion  
She send me waves like the ocean

I tell her, closer, closer  
Girl, come close to me  
I said it ain't no fun, it ain't no fun  
Doin' what you're 'posed to be  
Don't you waste no time, you know time ain't free  
You gon' have to put that body on me  
I tell her, closer, closer  
Girl, come close to me  
...

Love it when you move like that  
Ain't nobody do it like that  
Butterflies when you grab my hand  
Girl, you make me wanna give you a wedding band  
You don't wanna do no more talkin'  
So I put a little grip on your thigh  
Said I don't do this often  
But, girl, I want you, so hard not to

Don't you call to waste no time  
Face so fine and your body look nice  
Seen my life flash before my eyes  
I swear I almost died  
So don't you run, don't you hide  
Girl, you got that love potion  
Got me movin' slow motion  
She send me waves like the ocean

I tell her, closer, closer  
Girl, come close to me  
I said it ain't no fun, it ain't no fun  
Doin' what you're 'posed to be  
Don't you waste no time, you know time ain't free  
You gon' have to put that body on me  
I tell her, closer, closer  
Girl, come close to me
