The city ain't change but the brain did
Long long nights are the strangest

I don't fuk with my ex cause she brain dead

Fuk that ho and whoever she came with
Yea I'm on and I'm a do me
Fuck relationships bitch I'm a fuck three

Cold hearted bitch
Non chalant loving
Mind games trick
Your love card stay bluffing
Honey
Yea I loved you
Thought bout the sex kiss hugs everything was about you
I ain't gone let it fade me
I'm done fuckin with you
You shouldn't of never played me
I'm done thinking bout you

But that's the past tho
