Fly away today and break your chains and I'll say,
Baby
Break me
Make me
(shake me)
Shake me
(and take me)
And take me, (baby...)

That was fun but were not done, please give me more (please give me more)

Time that flies within your eyes, I'm hypnotized, for,
What's in store were on the floor please lock the door, oh.
I'm an addict, kinda tragic, gotta have it.

Baby
Break me, break me, take me, take me, shake me, shake me.

Take me away again [x6]
