Carnage

Fuck out my way!  
Skrrt, ayy

Keep pushing me to my limit, ayy knowing someday it might break  
My hobbies, they turned to my business, I got so sick of the wa  
y

I'm getting used to the sickness, everyday hiding my face  
If you are not with the vision, then bitch get the fuck out my  
way

Better take your time or they'll put you in the floor, ayy  
I done lost my mind so I don't need mine anymore, hey  
Living on the run ain't shit to living on the crawl, ayy  
Now I'm splashing racks on shit I thought I can't afford

I'm up now, yeah, bitch, I'm up now, say what? I'm up now  
They thought I wasn't gonna make it but I'm up now  
I'm up now, I'm up now  
They thought I wasn't gonna make it but I'm up now  
Yeah, bitch, I'm up now, say what? I'm up now  
They thought I wasn't gonna make it but I'm up now  
I'm up now, I'm up now
