

With You

Carnage

Hard to separate the discards and people
The line we always walk between the good and evil
A hidden kind of truth where the stars align

And I'm with you
Don't worry about tomorrow
Don't worry about tomorrow
And I'm with you
And I'm with you
Uh-uh-uh-uh-uh-uh
Uh-uh-uh-uh-uh
And I'm with you
And I'm with

And I'm with you

Dreams you have the voices of your soul
The vision of your life that no one really knows
A hidden kind of truth, behind your eyes
Don't worry about it
Don't worry
Don't worry about it
Don't worry
And when you find no other option
When you feel that you've been forgotten
I'll run to you rage like a river
'Cause you're a shout not a whisper
And I'm with you
And I'm with you
And I'm with you
Don't worry about tomorrow
Don't worry about tomorrow
Don't worry about tomorrow

And I'm with you
Don't worry about tomorrow
Don't worry about tomorrow
And I'm with you
And I'm with you
Uh-uh-uh-uh-uh-uh
Uh-uh-uh-uh-uh
And I'm with you
