

## Born to Hate

Carnal Forge

I am the pain you feel  
As your soul is ripped to pieces  
I am all that you fear  
Close your eyes and i'll be there

Insanity rules this world  
The face of evil is everywhere  
I damn the souls of those who rule  
I hope you'll die in pain

War for a religious cause  
War for a piece of land  
War for a religious cause  
I was born to hate

I am the pain you feel  
As your soul is ripped to pieces  
I am all that you fear  
Close your eyes and i'll be there

War for a religious cause  
War for a piece of land  
War for a religious cause  
I was born to hate
