

## Death Awaits

Carnifex

Paralysis; I watched you decay in front of my eyes  
Carcass; that's all you are now in my life  
Cut the vein and open your eyes, open your eyes to what you've  
done in my life  
Death awaits, I promise you will die alone

Death awaits, how long has it been since you sold your soul?  
When beauty dies and nothing can satisfy, death awaits  
I always knew you'd sell your soul  
Death awaits
