

Seven Souls

Carnifex

Seven souls and two dead eyes
Who am I, who am I tonight?
Seven souls and two dead eyes
Who am I, who am I tonight?

Look death in the eyes and see what I see
No lies and no disguise
God of death is the only god I need

I'm a soul that can't be at peace
Maybe you're just like me
My greatest enemy is when I sit and think

I'm back from the dead, with the same old heart
Embrace this pain, before it tears you apart
Soulless, we all died young
I'm back from the grave with my dead friends in my lungs
I'm more like you than you think
When I look in the mirror, I still hate what I see
Crossed out
This is the only real me

There's subtext in these songs I don't even know about
The past lives they hid lines just to fuck around
Inevitable, it's what I know deep down
Tortured souls, they go fast, they don't last
And I won't always be around
No, I won't always be around

Ask me no questions and I'll tell you no lies
You want to know if I'm really dead behind the eyes
You want to know if I'm going to scare you tonight
You want to know if I want to take my life

Ask me no questions and I'll tell you no lies
I'm seven souls
Seven souls and two dead eyes

To you it's a wall of sound
But I can see them
And their here right now
In the shadows, way deep down

Unholy souls
Let yourself be known
So I can let go
Give into my violent soul, that inner asshole
I just want to get my finger on the trigger and pull, pull, pull...

My violent soul
That inner asshole

One of these souls has a shelf life
That fucker wanted me dead by 25
And every day since I've been restless
I know its just a matter of time

I'm back from the dead, with the same old heart
Embrace this pain, before it tears you apart
Soulless, and we all died young
I'm back from the grave with my dead friends in my lungs
I'm more like you than you think
When I look in the mirror, I still hate what I see
Crossed out
This is the only real me

Seven souls
Seven souls
Seven souls
Seven souls

Seven souls and two dead eyes
Who am I, who am I tonight?
Seven souls and two dead eyes
And I'm lost, lost inside
