

## My Favourite Armchair

Carnival in Coal

I don't wanna hear your voice anymore  
I don't want you around  
I don't wanna see you sitting in my favourite armchair  
I hope we'll never meet in town  
(Relax...)

I don't wanna hear your voice anymore  
I don't want you around  
And I never wanna see you sitting in my favourite armchair  
I hope we'll never meet in town

I wish you knew how I trusted in you  
Too bad: you'll probably never know  
I trusted in you... I trusted in you...  
Too bad: you'll probably never know

Deceiver

You played the part of a well-dressed alter ego  
You played the part of a well-dressed alter ego  
You were my well-dressed alter ego  
You were my well-dressed alter ego

I trusted in you

I don't wanna hear your voice anymore

Well-dressed alter ego

I don't want you around
