

## Manic Depression

Carnivore

Manic depression is touchin' my soul  
I know what I want but I just don't know how to heh!  
Go about gettin' it  
Feelin' sweet feelin' drops fom my fingers  
Manic depression is a catchin' my soul yeah  
Woman so weary the sweet cause in vain  
You make love you break love it's all the same when it's  
When it's over  
Music sweet music I wish I could caress caress caress  
Manic depression is a frustrating mess!  
Well I think I'll go turn myself off and go on down all the way  
down  
Really ain't no use in me hangin' around in your kind-a scene  
Music sweet music I wish I could caess and a kiss kiss  
Manic depression is a frustratin' mess!  
Music sweet music sweet music sweet music  
Music sweet music sweet music yeah
