

My Show

Carola

If you wanna get on my show
There is only one way to go
If you wanna get on my show

What I got money can't buy
It's just the way that I am
You can watch me if you like
You will find that when you try
Don't try to hard cause you know
It's all a state of mind

So what I'm try to say is you gotta
Find a way to do the things that you wanna do
But you know that you've
Gotta to do it your own way

So, so don't you know
Only the best can get on my show
My, my you can try
But you gotta get it right
So, so don't you know that you got a pretty
Long way to go
Oh, oh my, If toy wanna get
Get on my show

If you wanna get on my show
There is only one way to go
If you wanna get on my show

What I need is someone who feels
All of the things that I feel
Enough to make'em real
Can't you see that it could be you
Baby you ain't ready just yet
I think you know it's true

So what I'm try to say is you gotta
Find a way to do the things that you wanna do
But you know that you've
Gotta to do it your own way

So, so don't you know
Only the best can get on my show
My, my you can try
But you gotta get it right
So, so don't you know that you got a pretty
Long way to go
Oh, oh my, If toy wanna get
Get on my show

If you wanna get on my show
There is only one way to go
If you wanna get on my show
If toy try to hide you'll find that
There is something you will miss
I don't mean to disrespect you
When I yell you this

All you gotta do is feel me
Try and leave your doubts behind
Everything you wish you will find

So, so don't you know
Only the best can get on my show
My, my you can try
But you gotta get it right
So, so don't you know that you got a pretty
Long way to go
Oh, oh my, If you wanna get
Get on my show
