One

Carole King

Poetic phrases come to mind Whenever I find injustice being done And I wonder, what am I gonna do What can one do except to be one Talking to two, touching three Growing to four million Each of us is one - all of us are one

I go through phases when I realize It wouldn't be wise to try and bring it down And I wonder, what am I gonna do What should one do except just be around Staying alive, putting out love Growing to five billion Each of us is one - all of us are one

Open your heart and let the love come shining through And you will do what you need to do To know just where the other you is coming from He is one - she is one A tree is one - the earth is one - the universe is one I am one - we are one

It just amazes me that I can be Part of the energy it takes to serve each other And I wonder what am I gonna do What can one do Except be one Each of us is one - all of us are one We are one What am I gonna do Be one
