Caroline Herring

Little girl in your nightgown  
Little girl in your nightgown  
Little girl in your nightgown  
Chasing after fireflies  
Chasing after fireflies

See that burning building  
See that burning building  
See that burning building  
That's tradition burning down  
That's tradition burning down

They got you where they want you  
They got you where they want you  
They got you where they want you  
They got the lid screwed down  
They got the lid screwed down

Don't you worry about nothing  
Don't you worry about nothing  
Don't you worry about nothing  
Little girl in your nightgown  
Little girl in your nightgown

Little girl in your nightgown

Little girl in your nightgown  
Little girl in your nightgown  
Chasing after fireflies  
Chasing after fireflies  
Chasing after fireflies  
Chasing after fireflies

Let the traditions burn down  
Let the traditions burn down  
Let the traditions burn down  
Let the traditions burn down
