

# Cornbread

Caroline Rose

Caroline, I just want to talk to you  
I've been thinking about you all day  
And I thought about you yesterday  
And I wanna talk to you, honey  
You give me a call again if you have a chance  
I love you, bye

Caroline, I just want to say hi  
I think about you so much  
Wish I could see you and I love you, honey  
Bye

Well, you know, that cornbread just hits the spot  
That was so good
