

I Will Not Be Afraid

Caroline Rose

No matter what all comes my way
I will not be afraid
No matter word slanders my name
I will not be afraid
So long as I've got that heart of Eden
So long as I've got that soul to feel
So long as I've got that spirit in me
I will not be afraid

No, I will not be afraid, no, I will not be afraid
Say what all you want to me, I will not be afraid

Rob me both my two [?] teeth, I will not be afraid
Take all of my money from me, I will not be afraid
So long as I've got that heart of Eden, so long as I've got that
soul to feel, so long as I've got that spirit in me
I will not be afraid

No, I will not be afraid, no, I will not be afraid
Take what all you want from me, I will not be afraid

Knock me out or push me down, I will not be afraid
Dig my grave up from the ground, I will not be afraid
So long as I've got that heart of Eden
So long as I've got that soul to feel
So long as I've got that spirit in me
I will not be afraid

No, I will not be afraid, no, I will not be afraid
Do what all you want to me, I will not be afraid
