

Talk

Caroline Rose

Oooh, they're coming for you
Waiting in the wings
Slither, preying on you
Vulture ready to eat
Ooh but you know they're all talk, talk, talk, talk, talk
No there ain't nothing up their sleeve
So close your eyes
And begin to dream

They're all talk, talk, talk
Crawl inside my head
They're all bark, bark, bark
Gonna crawl into nest
They're all talk, talk, talk, talk, talk
Sit, eyes bloodshot red
All bark, bark, bark
Caught in the middle

Ooh better watch your back
Twitch, tick
Keep one eye open even within sleep
Don't forget, guile knows how best to show it's teeth

They're all talk, talk, talk
Crawl inside my head
They're all bark, bark, bark
Clouding my ends
They're all talk talk talk
Am I going bad?
Bark, bark, bark
Or caught in the middle?
They're all talk, talk, talk, talk, talk
Don't matter what was said
They're all bark, bark, bark
Am I departing by the minute?
They're all talk, talk, talk, talk, talk
My God, it's if I'm going mad
They're all bark, bark, bark
I am caught up in the middle
