

## Room With A View

Carolyn Dawn Johnson

They gave you a corner room on the fifth floor  
The city lights were like candy to a kid in a store  
Like a king you'd lay in your bed so state fully  
So thankful they gave you a room with scenery

You always were so healthy, so full of life  
So seeing you so helpless just didn't seem right  
How you kept your head so high I'll never know  
I guess you knew you had a better place to go  
Now

You've got a room with a view  
A window to the world  
You always had your sights set high  
And now that you're gone  
Your memory lives on  
And I see you smiling in my mind  
With angels as visitors dropping by  
Your room with a view

I'll always miss you  
I'll always feel the loss  
I have to remind myself that you're better off  
I gotta believe even through these tears of mine  
Wherever you are there's a sun that always shines

And you've got a room with a view  
A window to the world  
You always had your sights set high  
And now that you're gone  
Your memory lives on  
And I see you smiling in my mind  
With angels as visitors dropping by  
Your room with a view

With angels as visitors dropping by  
Your room with a view
