

Fool's Gold

Carousel Kings

Hope is gold
This chance is mine
The answer's clear
I've been so blind
I left my faith
Out in the cold
I'll find my place
I know this road

I'm not afraid anymore
I would never wanna wish for you
To have to feel the heartache I've been through
I just want you to know

I'm trying to find the silver lining in all that stands in front of me
I won't let it get to me
I'm trying to find my way back to you could be my everything
You could be my everything

Truth be told
Your love is mine
We intertwine
In paradise
I see your eyes
Gaze at the stars
An endless sky
This love of ours

I'm not afraid anymore
I would never wanna wish for you
To have to feel the heartache I've been through
I'm sorry for the keeping the score
All of those years I caused all of my fears
I just want you to know

I'm trying to find the silver lining in all that stands in front of me
I won't let it get to me
I'm trying to find my way back to you could be my everything
You could be my everything

I'm trying to find the silver lining in all that stands in front of me
I won't let it get to me
I'm trying to find my way back to you could be my everything
You could be my everything

I won't let it get to me
You could be my everything
